If you are having problem making an online appointment, please call your local health department. Please help us reserve the phone lines for those with limited internet access and/or low computer literacy.

WHAT'S NEW THIS WEEK

Updated Executive Order 72

The CDC updated its [guidance](#) on April 28 about **what people can do when they are fully vaccinated** (which occurs two weeks after their final vaccine dose). The new guidance no longer calls for people who are vaccinated to wear masks outdoors unless they are in crowded settings. Governor Northam **amended Executive Order 72** to align the mask requirements with the CDC guidance.

Governor Northam [announced](#) that he will issue Sixth Amended Executive Order 72 as follows **effective May 15**:

- Capacity limits at entertainment venues will increase from 30% to 50%, with an increase in the maximum number of indoor patrons from 500 to 1,000 and no specific limit on the number of outdoor patrons.
- Capacity limits at recreational sports venues will increase from 30% to 50%, with a maximum of 250 spectators per field for indoor events and 1,000 spectators per field for outdoor events.
- The limit on social gatherings will increase from 50 to 100 indoors and from 100 to 250 outdoors.

Request Your Immunization Record

The health department cannot provide you with a replacement COVID-19 Vaccination Record Card. However, you can

request a copy of your Immunization Record from the Virginia Department of Health. If you received your COVID-19 vaccine in Virginia, this record will include your COVID-19 vaccine information.

District COVID-19 Activity

Cases have been decreasing in our region (Northwest) for the last 17 days and cases are considered to be decreasing. It is important to take preventative measures like avoiding crowded areas, wearing a mask, and washing your hands. You can explore individual locality metrics [here](#). To learn more about the VDH Pandemic Metrics, click [here](#).

Prevention Reminders

Let's work together to stop the COVID-19 variants from spreading! We need to continue to take preventative measures, even if you are fully vaccinated.

- Wear a mask over your nose and mouth
- Stay at least 6ft away from others
- Avoid crowded areas
- Get your free COVID-19 vaccine!
- Follow the [CDC guidance for fully vaccinated individuals](#)*

*You are considered to be fully vaccinated 2 weeks after your second dose in a 2 dose series (Moderna and Pfizer) and 2 weeks after received a single dose vaccine (Johnson & Johnson).

Unsubscribe from Our Emails

If you no longer want to receive email updates from us, you can unsubscribe from our mailing list by clicking "Unsubscribe" at the bottom of any of our newsletters.
